

PARTNERING TODAY FOR A STRONGER TOMORROW

# SAVE THE DATE

ASM 2018 | June 7-11 | Atlanta, GA | Booth 1401

Join Beckman Coulter at booth #1401 to talk with experts and learn how Beckman Coulter can boost laboratory workflow efficiency.

- › Identify resistance other systems may miss with accurate detection from **MicroScan systems—which has become microbiology laboratory professionals’ trusted partner of choice for over 40 years**
- › Enhance microbial stewardship with fast, accurate microbial identifications from the **Bruker MALDI Biotyper system**
- › Streamline workflow and free technologists from manual, labor-intensive tasks with the **Copan WASP Specimen system**
- › Process panels in seconds, simplify identification and antibiotic susceptibility testing (ID/AST) while standardizing results with the **MicroScan autoSCAN-4 system**

## MicroScan—fighting emerging resistance in labs like yours for 40 years

*For hospitals engaged in antimicrobial stewardship that need to contain costs, optimize labor and reduce errors, MicroScan provides gold-standard MIC accuracy and the broadest breadth of first-time reporting—which provides confidence in results and early detection of antimicrobial resistance to optimize patient care and minimize hospital risk.*

Be a part of our anniversary video—stop by and tell us why you love MicroScan.
